MathWorks CSR Impact Report (Jun 2026)

Capacity Building for Government Systems & Strategic Partnerships

Acknowledgement to MathWorks

Padala Charitable Trust (PCT) sincerely thanks **MathWorks India** for its trust, partnership, and commitment to creating sustainable social impact.

Your CSR support enabled PCT to contribute meaningfully to the **Kishori Vikasam Summer Special Campaign 2026** by providing technical expertise, facilitating six regional capacity-building workshops across Andhra Pradesh, and developing and distributing thousands of Information, Education and Communication (IEC) materials that continue to support field-level implementation.

At the same time, your support enabled PCT to represent grassroots innovations at the **South India's CSR Summit 2026**, strengthening our institutional visibility, fostering new partnerships, and receiving recognition for our **Grassroots Impact on Education**.

Together, these initiatives have strengthened the capacity of government systems, enhanced collaboration between the public, corporate, and social sectors, and laid the foundation for long-term, scalable impact for children and adolescents across Andhra Pradesh.

Together, we are demonstrating that when corporates, government, and civil society work together, meaningful and lasting social change becomes possible.

PART 1 - Building Government Capacity (Kishori Vikasam Regional Workshops)

Program Overview

- **Program:** Kishori Vikasam Summer Campaign 2026
- **Objective:** Strengthening Government Systems for Adolescent Empowerment in Andhra Pradesh
- **Supported by:** MathWorks
- **Implemented by:** Padala Charitable Trust (PCT)
- **Strategic Partners:** WD&CW (Women Development and Child Welfare) Department, Government of Andhra Pradesh & UNICEF

Executive Summary

With the generous support of MathWorks, Padala Charitable Trust (PCT) partnered with the WD&CW Department, Government of Andhra Pradesh, as the **State Knowledge Partner** for the implementation of the *Kishori Vikasam Summer Special Campaign 2026*.

The Government of Andhra Pradesh officially entrusted UNICEF and Padala Charitable Trust with providing technical support and IEC (Information, Education, and Communication) material for the successful execution of regional capacity-building workshops and the subsequent statewide Summer Campaign.

As part of this mandate, PCT organized and facilitated technical sessions during **six regional workshops** across Andhra Pradesh:

Region	Regional Focus	Coverage
Visakhapatnam	Regional Workshop Center	Representing all **6 districts** Srikakulam, Parvathipuram Manyam, Vizianagaram, Visakhapatnam, Alluri Sitharama Raju (ASR) & Anakapalli
Kakinada	Regional Workshop Center	Representing all 4 **districts** Kakinada, Konaseema, East Godavari & Polavaram
Vijayawada	Regional Workshop Center	Representing all 4 **districts** Eluru, West Godavari, NTR & Krishna
Ongole	Regional Workshop Center	Representing all 6 **districts** Guntur, Palnadu, Bapatla, Prakasam, Markapur & Nellore
Tirupati	Regional Workshop Center	Representing all 4 **districts** Tirupati, Chittoor, Annamayya & Kadapa
Kurnool	Regional Workshop Center	Representing all 4 **districts** Kurnool, Nandyal, Anantapur & Sri Sathya Sai

Padala Charitable Trust's Contribution

Supported by MathWorks, PCT provided comprehensive technical and operational support throughout the regional workshops by focusing on key strategic areas:

- **Session Facilitation:** Designing and delivering highly interactive technical learning sessions.
- **Resource Distribution:** Developing and distributing thousands of educational IEC handouts covering adolescent empowerment themes.
- **Inter-Departmental Convergence:** Supporting district-level planning and facilitating seamless coordination among various government departments.
- **Capacity Building:** Enhancing the skills and knowledge of frontline government functionaries.
- **Evidence-Based Technical Guidance:** Sharing proven field methodologies and best practices derived from PCT's extensive grassroots experience.

Core Thematic Pillars Covered:

- Menstrual Hygiene Management (MHM)
- Life Skills Education for Girls
- Adolescent Health Education for Boys
- Child Sexual Abuse Prevention
- Protection of Children from Sexual Offences (POCSO) Act

The educational materials distributed during these sessions continue to serve as practical, day-to-day reference guides for field workers driving the campaign forward.

Statewide Impact

The capacity-building phase equipped officials from all **28 districts** with the concrete strategies and tools required to launch the initiative effectively.

- **Campaign Duration:** 1 May to 9 June 2026
- **Target Audience:** Adolescent girls and boys statewide
- **Delivery Model:** Structured field sessions focused on health, nutrition, life skills, child protection, the prevention of child marriage, and comprehensive adolescent empowerment.
- **Benchmark Scale:** Highlighting the potential of this model, the previous year's campaign successfully reached over **5.3 lakh adolescents** across more than **50,000 groups**—demonstrating the massive scale at which strengthened institutional capacity translates into real-world impact.

Adolescent & Women Health Education

Male Reproductive System
Testes
Penis

FEMALE REPRODUCTIVE SYSTEM
Fallopian tube
Ovary
Uterus
Cervix
Vagina

PART 2 - Building Strategic Partnerships & Visibility (CSR Summit)

Strengthening Partnerships for Greater Social Impact

As part of its commitment to building sustainable partnerships for education and child protection, Padala Charitable Trust participated in the South India's CSR Summit 2026, held at Srikakulam on 10 April 2026.

The summit brought together corporate CSR leaders, government representatives, development organizations, and social entrepreneurs to discuss scalable solutions for addressing India's most pressing social challenges.

MathWorks' support enabled PCT to participate in this important platform, allowing the organization to share its grassroots innovations, learn from peers, and engage with potential partners for future collaborations.

National Recognition for Grassroots Impact in Education

During the summit, Padala Charitable Trust was honoured with the "**Grassroots Impact on Education**" Award, recognizing over two decades of sustained work in strengthening education systems and empowering children and adolescents.

Receiving this recognition among leading CSR organizations reaffirmed that community-driven, evidence-based interventions can successfully scale while remaining locally relevant.

Sharing Field-Tested Models

During the summit, PCT presented its experience of developing scalable programmes that strengthen school education and child protection, including:

- Personal Safety Education (Child Safety & POCSO)
- Social and Emotional Learning (Life Skills)
- Career Guidance
- Adolescent Health Education
- Community-based implementation models

The presentation highlighted how these interventions have been successfully implemented through close collaboration with district administrations and government departments.

A Powerful Message on CSR

The summit was graced by **Shri Ram Mohan Naidu Kinjarapu, Hon'ble Minister of Civil Aviation**, Government of India.

During his address, he emphasized:

"CSR is not charity—it is a responsibility to solve real problems and build a stronger nation."

He further highlighted that lasting social change is possible when:

- Government provides scale and reach
- Corporates contribute resources
- Grassroots organizations bring context, innovation, and last-mile implementation

Conclusion

Participation in the CSR Summit 2026 provided Padala Charitable Trust with an important platform to showcase its evidence-based, grassroots education initiatives and engage with leaders from government, CSR, and the development sector.

The recognition received for *Grassroots Impact on Education* reaffirmed the relevance of PCT's work and opened new opportunities for collaboration to scale proven interventions across Andhra Pradesh and Telangana.

We are grateful to **MathWorks** for enabling PCT's participation in this important forum, helping us build new partnerships, strengthen institutional credibility, and create opportunities to scale proven models that will benefit thousands more children and adolescents in the years ahead.

Utilization Note

MathWorks CSR support was utilized for technical facilitation, development and printing of IEC materials, workshop coordination, travel, documentation, and strategic participation in the South India's CSR Summit 2026, in line with the approved project objectives.
